Easybend

Air conditioning lineset bender
No more kinks or leaks when bending your linesets

- > The tool that you need to bend linesets when installing split systems
- > Easiest way to bend dual tubes without damaging their insulation
- > Reusable after cleaning!
- > No need for springs or heavy equipment!
- > Only for linesets made from soft copper

Insert the flexible bender of the right diameter into the copper tube

Bend to required angle.

Retract the flexible bender.

Reusable if kept clean. The benders are ready for the next installation.

No more kinks or leaks when bending your linesets
